Arihant Sir,

In reference to the meetings and discussions you had with Mr. Suyash Dasani, I would like to go ahead for the further process regarding the in-house training. We have to plan our resources for the same, so I request you to close this as soon as possible. According to the last conversation we had with Suyash, you registered 75 candidates for the same. Request you to suggest for further process.

Dear Mr Arihant,

Request discuss with prashant and get the finalized rolling in of project lists, that are show casing RCEW & GT summer training tie up. Let me know if there is any hosting requirements over projects.

@Prashant : If students do marvels, we can host their projects online with subdomain extenstions under GT account. For any android app to host, app should be presentable and complete in all concern ( + contents required during hosting over google playstore).

Thanks and regards,

(Rohit Sharma)
